# ANJALI KUMARI

**Email**: sanjalisharma547@gmail.com | **Phone**: (+91) 8328232705 |
**LinkedIn**: linkedin.com/in/anjalikumari2002/ | **GitHub**: github.com/Anjali-36

## SUMMARY

Computer Science graduate with hands-on experience in Python, Django, SQL, JavaScript, and full-stack web development. Built scalable web applications with authentication systems, REST API integration, responsive UI design, machine learning models, and cloud deployment. Proficient in debugging, database design, software development lifecycle, and problem-solving.

## EDUCATION

**B.Tech – Computer Science & Engineering**
Chebrolu Engineering College | 2021 – 2025 | 75.38%

## TECHNICAL SKILLS

- **Programming:** Python, JavaScript, SQL
- **Web Development:** HTML, CSS
- **Databases & Frameworks:** MySQL, Bootstrap 5, Django
- **Developer Tools:** Git, GitHub, VS Code, Render, Netlify
- **Core Concepts:** OOP, SDLC, REST APIs, CRUD Operations, Authentication Systems, Debugging, Database Design, Responsive Web Design

## PROJECTS

- **SmartTodo-AI (Django Task Management Application)**
  - Engineered and deployed an AI-powered task management platform using Django and Bootstrap.
  - Implemented secure authentication system with registration, login/logout and session handling.
  - Added voice-controlled task navigation using JavaScript speech recognition API.
  - Designed responsive dark/light mode UI across multiple application views.
  - Built priority-based task management and automated overdue task detection.

  **Live Demo:** https://smarttodo-ai.onrender.com/
  **GitHub:** https://github.com/Anjali-36/SmartTodo-AI

- **Cyberbullying Detection on Social Media**
  - Developed an NLP-powered Django web application for real-time cyberbullying detection.
  - Applied tokenization, stopword removal, normalization, and TF-IDF vectorization.
  - Trained and compared SVM, Logistic Regression, and Naive Bayes models.
  - Achieved approximately 85% prediction accuracy.
  - Integrated ML model predictions into a responsive web interface.

## INTERNSHIPS

- **Web Development Intern** | Prodigy InfoTech
  - Built responsive web applications using HTML, CSS, and JavaScript
  - Optimized performance through debugging and code refinement.
  - Collaborated using structured software development practices.

  **GitHub:** https://github.com/Anjali-36/Web-Development-Projects

## CERTIFICATES

- **SQL Joins Certification Course –** Cuvette Tech Pvt. Ltd. (by IIT Kharagpur alumni)
- **CSS (Basic) Certification** – HackerRank (March 2025)
