PROFESSIONAL SUMMARY

Computer Science graduate with hands-on experience developing backend and database-driven web applications using Python, Django, SQL, JavaScript, HTML, and CSS. Skilled in Django application development, CRUD operations, authentication, database design, debugging, troubleshooting, and application deployment. Strong foundation in Object-Oriented Programming and SDLC, with effective communication, teamwork, adaptability, problem-solving, and attention to detail. Seeking an entry-level Software Engineer or Python Developer role to contribute to building reliable and maintainable applications.

EDUCATION

B.Tech – Computer Science & Engineering

Chebrolu Engineering College | 2021–2025 | **75.38%**

TECHNICAL SKILLS

- **Programming:** Python, JavaScript
- **Frameworks:** Django
- **Web Technologies:** HTML5, CSS3, Bootstrap 5
- **Database/Query:** SQL, MySQL
- **Developer Tools:** Git, GitHub, VS Code, Render, Netlify
- **Software Development:** OOP, SDLC, CRUD Operations, Authentication, Debugging, Troubleshooting, Database Design
- **Professional Skills:** Problem-Solving, Communication, Teamwork, Adaptability, Time Management, Attention to Detail

PROJECTS

SmartTodo-AI | Django Task Management Application

- Developed and deployed a Django-based task management application using Python, Django, SQL, Bootstrap, HTML, CSS, and JavaScript.
- Implemented user registration, login/logout, session-based authentication, and CRUD operations for task management.
- Developed priority-based tasks, search and filtering functionality, sorting, pagination, and automated overdue-task detection.
- Integrated the JavaScript Speech Recognition API for voice-controlled task navigation and commands.
- Designed a responsive interface with dark/light mode and deployed the application on Render.

Cyberbullying Detection on Social Media | Django Web Application

Group Academic Project

- Contributed to the development and integration of a Django-based web application for identifying cyberbullying in social-media text.
- Collaborated with team members on application functionality, text-processing components, testing, and troubleshooting.
- Assisted with integrating project components and resolving development issues during project completion.

INTERNSHIP EXPERIENCE

Web Development Intern | Prodigy InfoTech

- Developed responsive web applications using HTML5, CSS3, JavaScript, and Bootstrap.
- Implemented interactive functionality and performed debugging and troubleshooting to resolve application issues.
- Collaborated on assigned development tasks and applied software development practices throughout the internship.
