# ANJALI KUMARI

**Email**: sanjalisharma547@gmail.com | **Phone**: (+91) 8328232705 | **GitHub**: github.com/Anjali-36
**LinkedIn**: linkedin.com/in/anjalikumari2002/ | **Portfolio**: https://anjali-kumari.netlify.app

## SUMMARY

Computer Science graduate with hands-on experience in Python, Django, SQL, JavaScript, and full-stack web development. Built scalable web applications with authentication systems, REST API integration, responsive UI design, and cloud deployment. Proficient in debugging, database design, software development lifecycle, and problem-solving.

## EDUCATION

**B.Tech – Computer Science & Engineering**
Chebrolu Engineering College | 2021 – 2025 | 75.38%

## TECHNICAL SKILLS

- **Programming:** Python, SQL
- **Web Development:** HTML, CSS, Bootstrap 5, JavaScript
- **Databases & Frameworks:** MySQL, Django
- **Developer Tools:** Git, GitHub, VS Code, Render, Netlify
- **Core Concepts:** OOP, SDLC, REST APIs, CRUD Operations, Authentication Systems, Debugging, Database Design, Responsive Web Design

## PROJECTS

- **SmartTodo-AI (Django Task Management Application)**
  - Engineered and deployed an AI-powered task management platform using Django and Bootstrap.
  - Implemented secure authentication system with registration, login/logout and session handling.
  - Added voice-controlled task navigation using JavaScript speech recognition API.
  - Designed responsive dark/light mode UI across multiple application views.
  - Built priority-based task management and automated overdue task detection.

  **Live Demo:** https://smarttodo-ai.onrender.com/
  **GitHub:** https://github.com/Anjali-36/SmartTodo-AI
- **Cyberbullying Detection on Social Media**
  - Developed an NLP-powered Django web application for real-time cyberbullying detection.
  - Applied tokenization, stopword removal, normalization, and TF-IDF vectorization.
  - Trained and compared SVM, Logistic Regression, and Naive Bayes models.
  - Achieved 85% prediction accuracy.
  - Integrated ML model predictions into a responsive web interface.

## INTERNSHIPS

- **Web Development Intern** | Prodigy InfoTech
  - Built responsive web applications using HTML, CSS, and JavaScript
  - Optimized performance through debugging and code refinement.
  - Collaborated using structured software development practices.

  **GitHub:** https://github.com/Anjali-36/Web-Development-Projects

## CERTIFICATES

- **SQL Joins Certification Course –** Cuvette Tech Pvt. Ltd. (by IIT Kharagpur alumni)
- **CSS (Basic) Certification –** HackerRank (March 2025)
